

Run an exciting business in your community

EXCITE
ENGAGE
EDUCATE

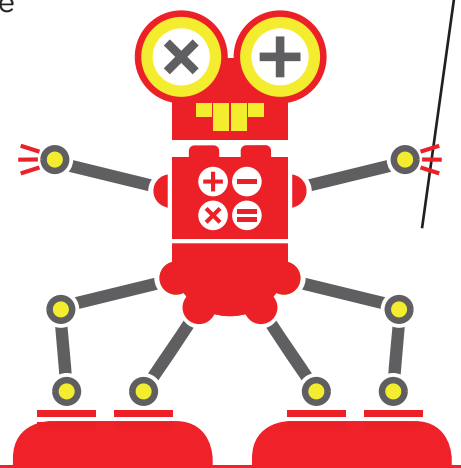

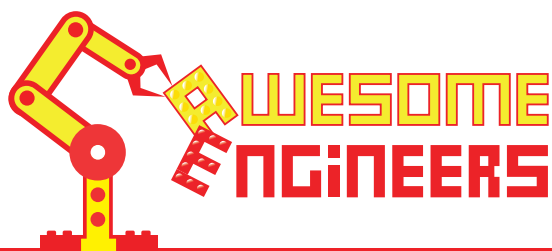

Give children a head-start in Maths and Science

- Each week children build a different LEGO® machine, seeing how it works and can be modified.
- All models and worksheets are linked to the national curriculum.
- We have over two years of experience of delivering exciting and inspiring Education Sessions in Science, Technology, Engineering and Maths
- Our offering is proven and generates enthusiasm and support from parents, schools, children and the communities we work in
- Our activities are based on the amazing power of Lego

JOIN US!

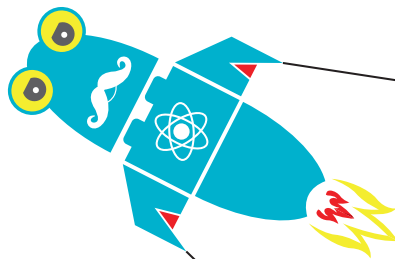

Become part of our growing community of licensees

- All material and training provided
- Flexible business models to enable a low cost start
- Business development and marketing support
- Established brand and excellent reputation
- Freedom to run the business your way
- Makes a real impact on the Students enrolled in our Programmes
- Continual model development programme
- Huge growth potential
- Will fit part time or full time commitment
- A fun business developing valuable skills for the future
